

'I was surprised that thanks to the project I was able to know the culture of people living in another country and learn new, interesting words and expressions and develop my vocabulary. I'm happy that I decided to take part in this project.'

Dumplings, bigos and broth are popular in my community.

*These are dishes available in every corner of Poland,
not expensive, but very tasty.*

The food I like is pork chop with boiled potatoes.

*This is a typical Polish Sunday lunch. Despite its amazing taste
it is simple to make and inexpensive. I recommend trying them.*
